Product Information

Ingredients

Active ingredient: Lactic acid: 1.75g/100g. Other ingredients: Aqua, Alkyl ether carboxylate, Alkylpolyglycosides, Sodium lactate, Glycerine

pH

2,7

Method Of Use

Ensure hands are clean and dry before use. For general hygiene: Apply 1-2 doses (entire hand should be wetted) and rub well until dry. For disinfection according to EN1500: Apply 3 ml to your hands. Rub for at least 30 seconds. Do not rinse.

Shelf Life

Expiry date of 30 months after production is printed on inner packaging. Store in original container. Protect product from excessive sunlight. Avoid temperature extremes and store between 5°C and 40°C.

Handling Instructions

Use disinfectants safely. Always read the label and product information before use. Avoid contact with eyes. In case of contact with eyes, rinse immediately with plenty of water and seek medical advice. For more information, please refer to the Safety Data Sheet. May discolour certain fabrics or surfaces.

Regulatory Compliance

The biocide products commercialised under the Tork brand are in compliance with the Biocidal Product Regulation (EU) No 528/2012 and are approved for human hygiene purposes. The products are registered and authorised in the respective countries, where the products are sold. The products are in conformity with the REACH regulation (EC) No. 1907/2006 and its amendments. The biocide products are manufactured in accordance with good manufacturing practices (GMPs).

Registrations Biocides

EU-0025394-0000

Certification

ISO 22716 (Good Manufacturing Practice) ISO 9001 & 13485 (Quality Management System) ISO 14001 (Environmental Management System)

Safety Data Sheet

For safe use and handling of the products, please follow the recommendations on the Safety Data Sheets. These are available on the Tork website in all required local versions according to legal requirements for each region
